

TidyTuesday & Talk: Cocktail Hour

Liza Bolton & the ISSC

Univeristy of Toronto

2020-05-26

Getting the data

Setting up libraries

```
library("tidyverse")
```

Load the data

I am using the tidyuesdayR package this week.

```
tuesdata <- tidyuesdayR::tt_load('2020-05-26')  
cocktails <- tuesdata$cocktails  
rm(tuesdata) # clears environment
```

Cocktails!
